A letter to Our Valued Clients

The Team at Dental Embassy wishes you all a very safe and happy 2024.

Our team is committed to providing the best dental care for you and your family. We follow an evidenced based approach for your integrated oral health care.

The past year we have been focused on establishing our preventative care department. You may have already had the opportunity to meet our Oral Health Therapists who look after all the preventative care needs of our clients.

This has allowed our team to successfully expand the services we offer, such as periodontal orthodontic treatments.

We always cherish looking after valuable clients like you and will not be able to grow our business without your support, hence if anyone you know is looking for a new dental clinic and you want them to receive the same exceptional care as you, please let them know about us and we will be pleased to assist.

Kind regards from the Dental Embassy Team

Happy New Year!

To wrap up 2023 we sat down as a team and brainstormed what makes a Happy Team.

Here is some of what we came up with:

- Open communication
- Kindness to one another
- Empowerment
- Feeling comfortable and accepted at work
- Having systems and tools in place to support our work
- Feeling appreciated
- Having Fun
- Being heard

For 2024 our goal is to practice these day-to-day
